

My work in 2015

7-1

Hiroki Tanaka

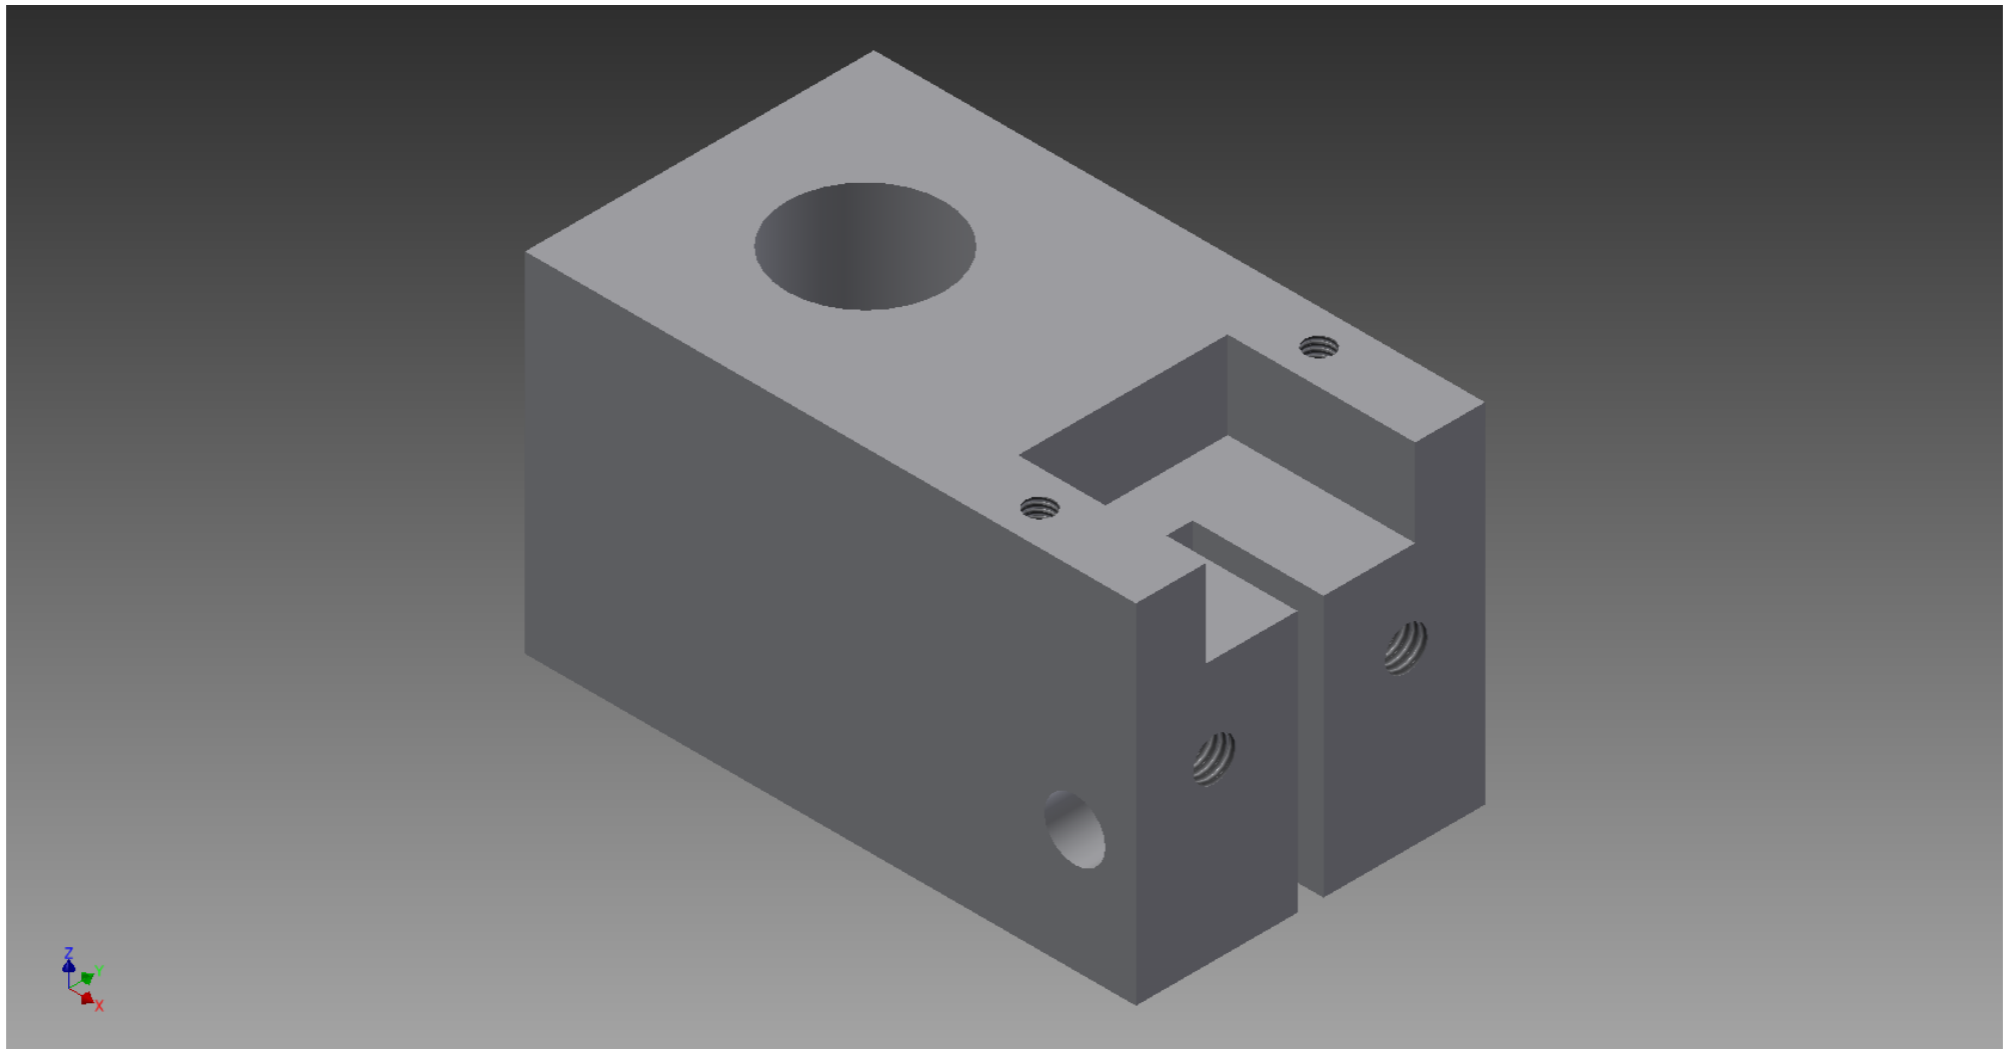

Extension of ICRR cryostat

- Hagiwara-san checked my design and gave us some advice.
- I drew the design again!

Q measurement

- We asked KEK to make the new copper clamp.

New Cu clamp

HCB bonding

- We did HCB bonding using two glass slides, but there are two Newton rings.
- We will practice HCB bonding with M1.

Ear adjusting
