

# My work in 2015

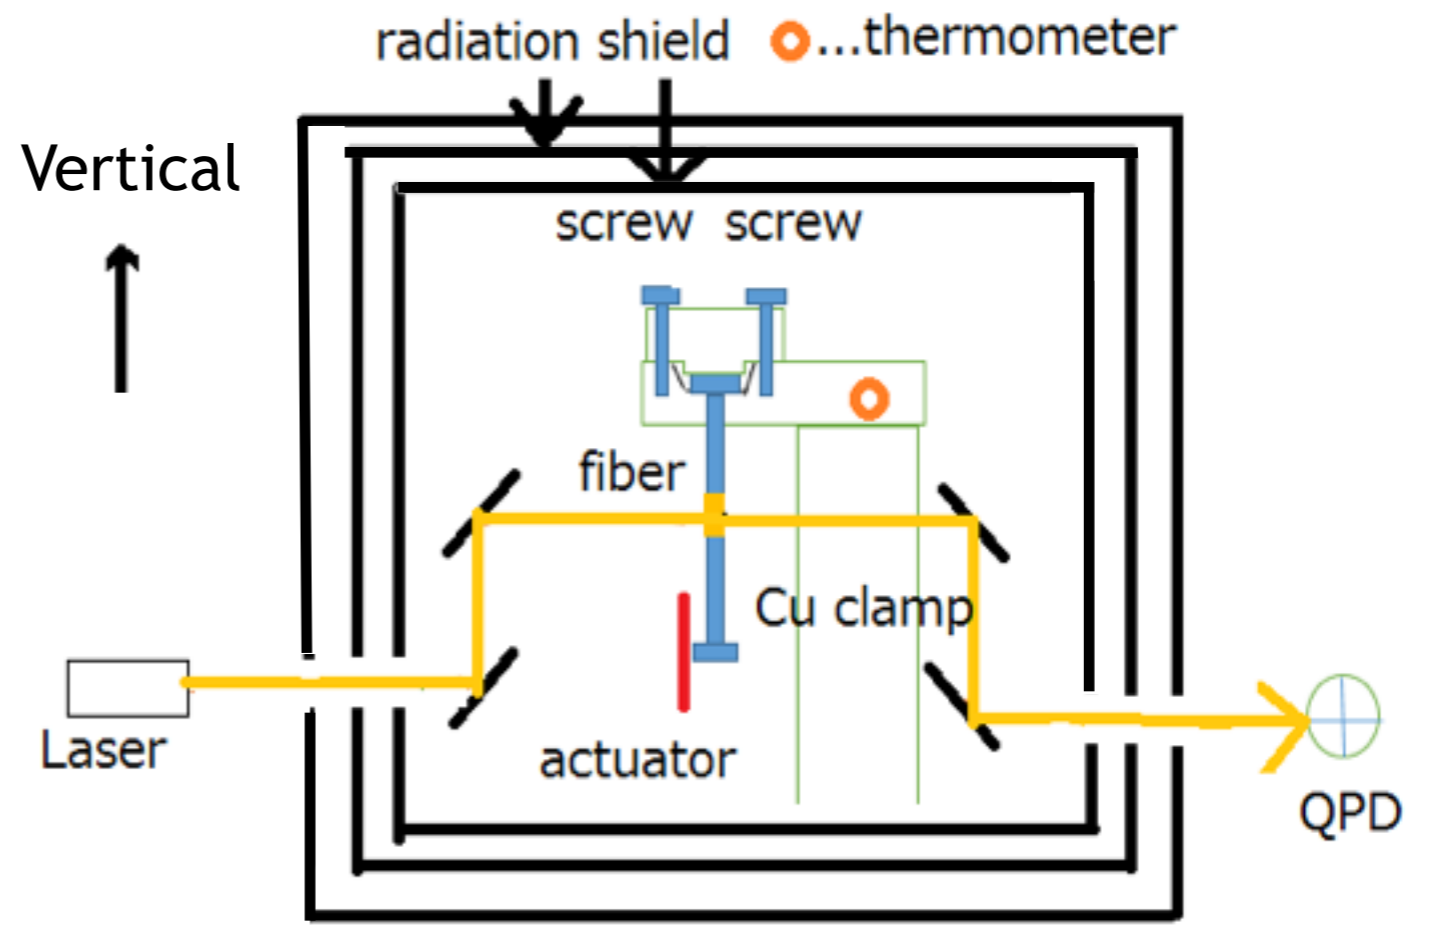

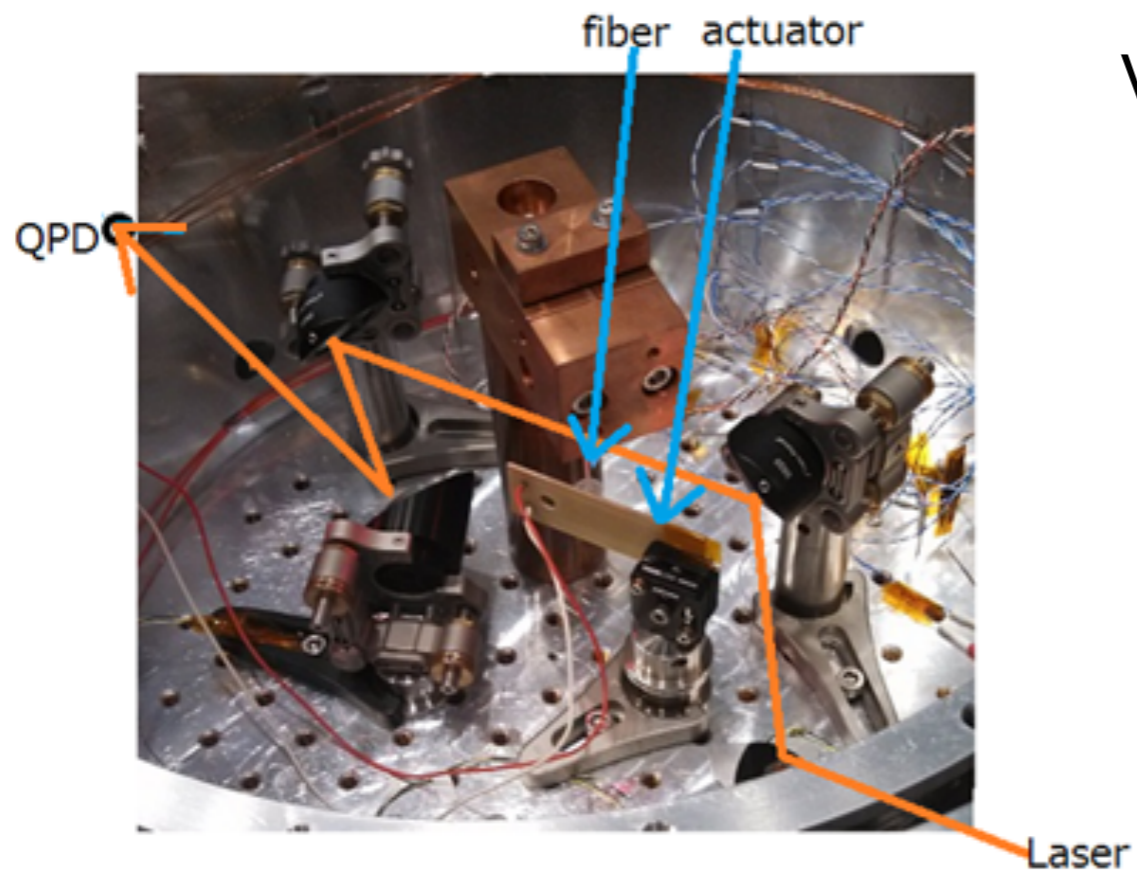

8-1

Hiroki Tanaka

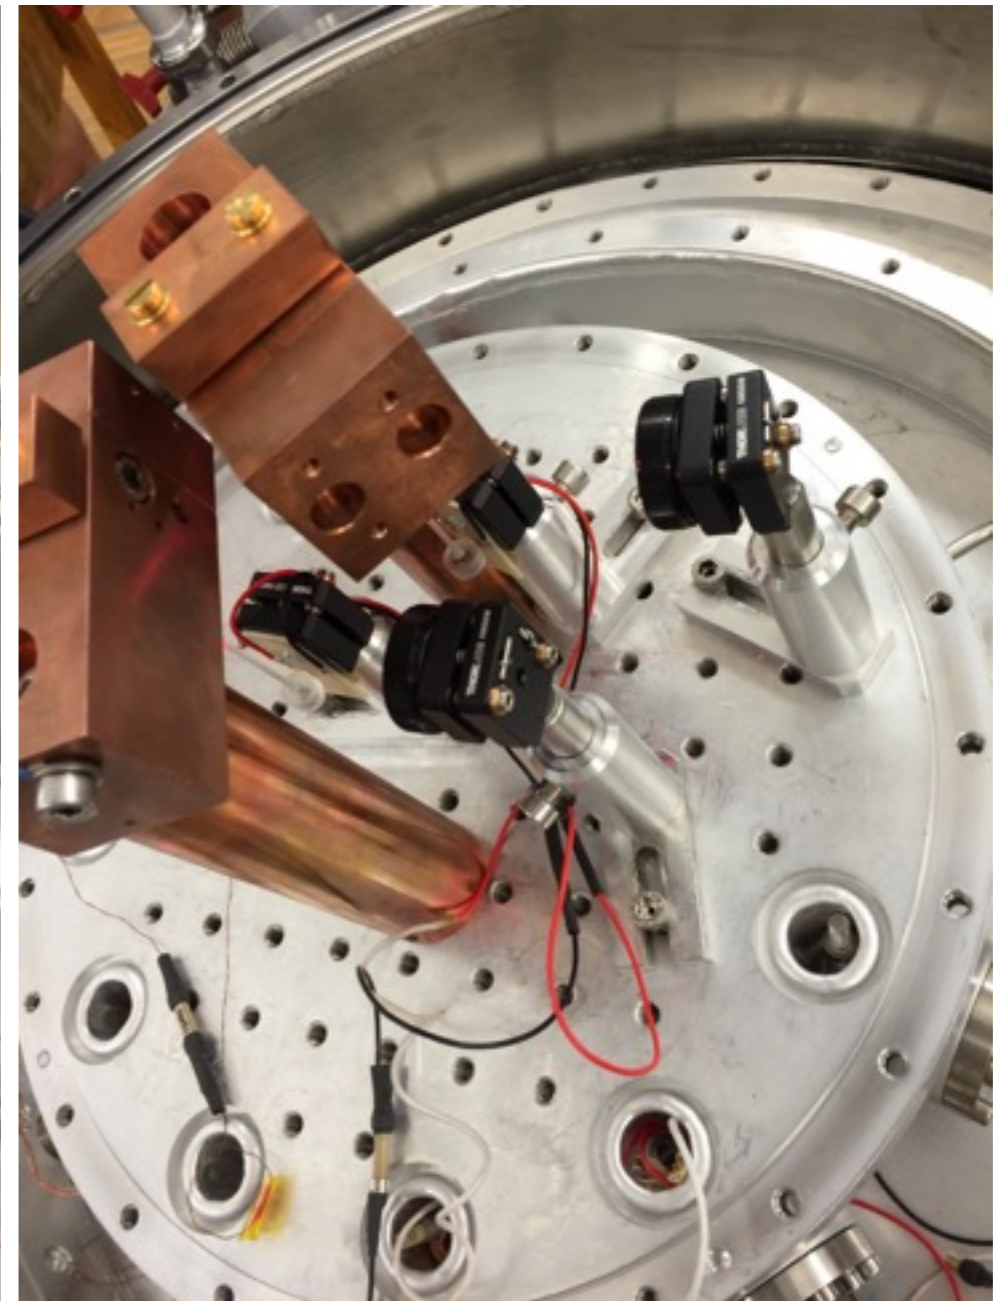

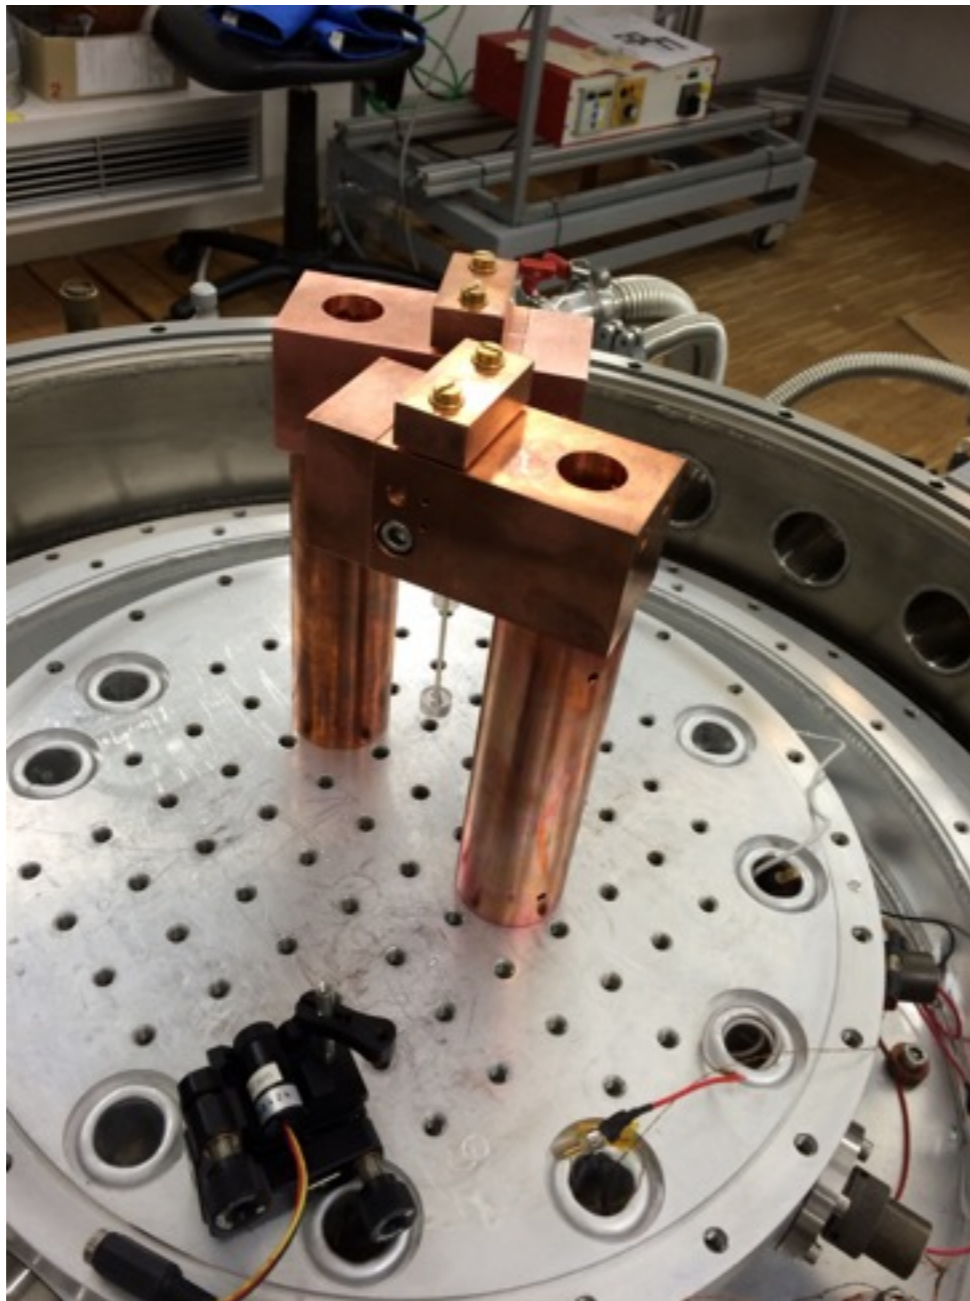

# Q measurement in Jena

- I used the copper clamp and measured Q-value of the sapphire fiber with Ronny-san and Komori-kun.

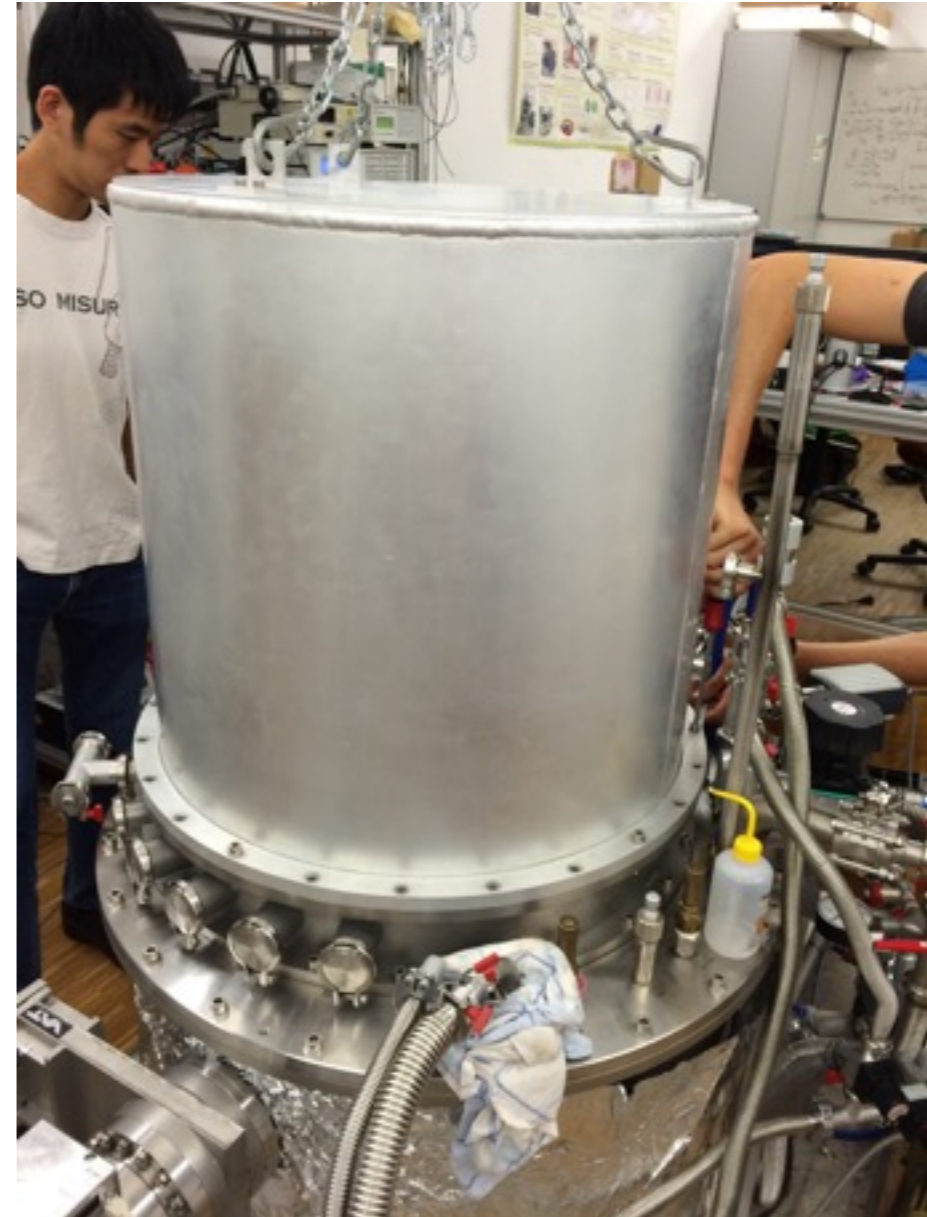

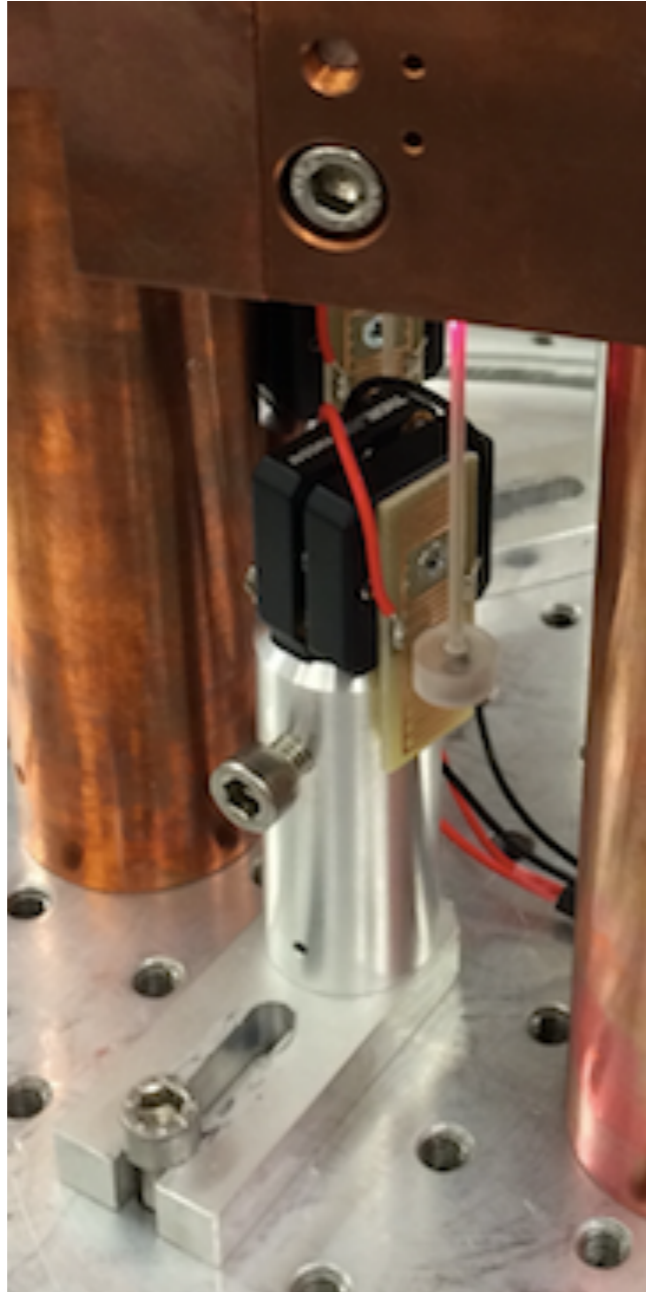

# Experiment apparatus in ICRR

# Q measurement

# Q measurement

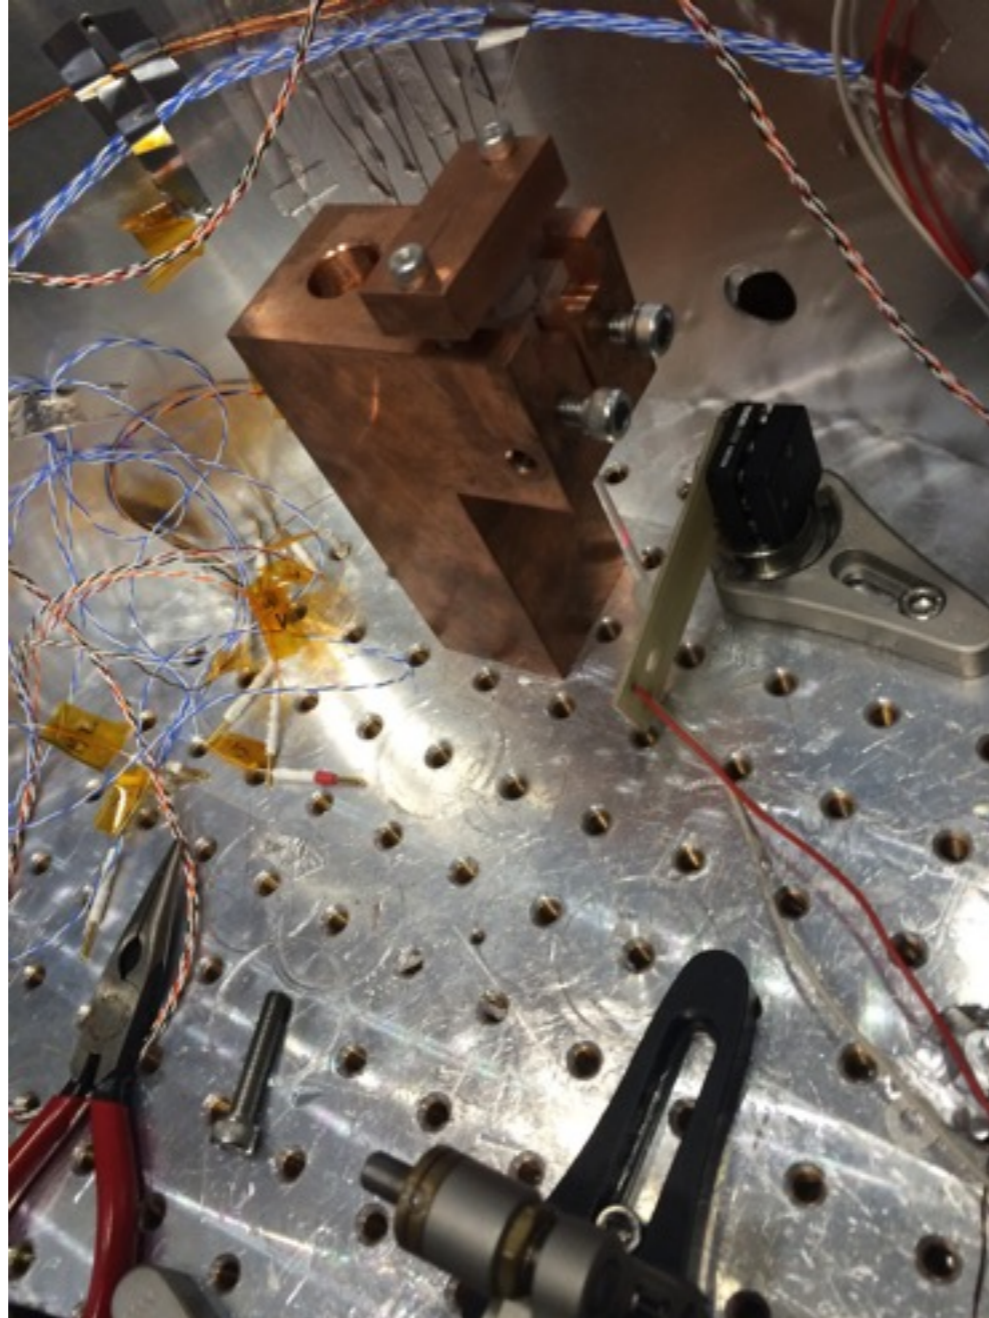

# Q measurement

# Q measurement

- Ronny-san will send me the result!

# Q measurement in ICRR

# 350mm fiber

- The apparatus in Roma will be brought to Japan(Maybe).

# F2F

- Is it better to go to Toyama?
