

Cartoon of the optical layout around PRs

JGW-T1605261 Yuta Michimura

Not to scale at all.
Pick-off mirror layout not real.
POP in-vac PD/QPDs won't be omitted if budget allows
(currently omitted).

- main beam
- POY beam (pick-off of Yarm cavity reflection)
- POP beam (pick-off of PRC beam from PR3 to PR2)
- GreenX beam (ALS green beam for X arm)
